Create subscription invoice

DRAFT

A clear four-step process with no nested popup or unnecessary empty space.

1. **Select subscription** — Current step
2. **Billing recipient** — Next
3. **Charges & tax** — Next
4. **Review & issue** — Next

1. Select an active subscription

Search by provider, Business, plan name or subscription reference.

Search subscriptions

Search provider, business or plan

Available subscriptions

T **TRISE MCP E2E Provider** — SELECTED
Monthly plan · ₹3,999.00 plus applicable tax
Provider code MCP-E2E-20261011 | Active

L **Lift Rise Elevators — Demo Operations** — ACTIVE
Another eligible subscription example; selection is driven by live API data.

Only authorized, billable subscriptions appear. Duplicate invoice periods must be checked by the server.

Invoice summary

TRISE MCP E2E Provider
Monthly subscription | INR

Subscription charge	**₹3,999.00**
Add-ons	₹0.00
Taxable amount	₹3,999.00
CGST 9% + SGST 9%	₹719.82

Estimated total payable

₹4,718.82

Illustrative totals from the supplied invoice. Use the server tax-preview API for live billing.

Create subscription invoice

DRAFT

Confirm the correct legal recipient and billing location before calculating tax.

1. **Select subscription** — Completed
2. **Billing recipient** — Current step
3. **Charges & tax** — Next
4. **Review & issue** — Next

2. Billing recipient

Prefill from the authorized recipient billing record. Changes must follow the supported billing-context workflow.

Legal / billing name
Anjan (sample recipient)

Recipient email
Saved billing contact

Billing address
1st Floor, Medahalli Kadugodi Rd

Country
India (IN)

State / UT
Andhra Pradesh (sample context)

GST registration status

○ GST registered ● Not registered

GSTIN: Not applicable

Recipient and place-of-supply confirmation

The recipient address and State/UT determine the applicable tax context. Flag mismatches for review; do not silently change authoritative Business tax records.
